## Lyrics:

God loved the world. He sent his own son  
He saved the world for you and each one  
God loves you so. He made you from dust  
And you will grow in knowledge and trust  
God made you more than marrow and bone  
God loves you; you're not alone  
God made the world. He used his own hands  
He painted the sky and he made all the lands  
God made the light. He saw it was good  
He showed you the way to where his son stood.  
God broke your heart of sin and of stone  
God loves you; you're not alone  
God loves you child. He hears all you say  
Be still and you'll hear his whisper today  
God knows you child. What you fear and desire  
God sent his son to fill you with fire  
God gave you life. Let his love be your home  
God loves you; you're not alone  
God loves you; you're not alone  
God loves you; you're not alone
