

# The Thanksgiving Song chords by Ben Rector

Tuning: E A D G B E

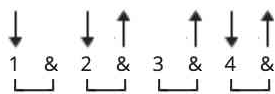

Key: D

## CHORDS

## STRUMMING

100 bpm

D D/F# G D/F# A  
D D/F# G D/F# A

[Verse 1]

          D          D/F#  
familiar highways  
          G                  A  
lined with leaves turned brown  
          D          D/F#  
making my way  
G          G          A  
back to my hometown  
          D                  G                  D/F#          A  
funny how this all looks different, but it feels the same  
          D                  G                  D/F#          A  
like how life never stops changing, but some things never change

[Chorus]

          G                  D  
so fill your plate and fill your drink  
          A                  D  
and fill this house with family  
          G                  D                  A  
the kind of love that all these years can't wash away  
          G                  D                  A                  D  
cause the older that I get I see that life is short and bittersweet  
          G                  A                  D  
thank God for this Thanksgiving Day

[Verse 2]

          D          D/F#  
watching football  
          G          A  
watching families grow  
          D          D/F#  
the old kids table  
          G          A  
all have kids of their own  
          D          G          D/F#          A  
starting to see my grandfather in my nephews eyes

D                  G                  D/F#          A  
mom still can't talk about him and not almost cry

[Chorus]

          G                  D  
so fill your plate and fill your drink  
          A                  D  
and fill this house with family  
          G                  D                  A  
the kind of love that all these years can't wash away  
          G          D                  A          D  
cause the older that I get I see that life is short and bittersweet  
          G                  A          D  
thank God for this Thanksgiving Day

[Outro]

          G                  D  
So fill your plate and fill your drink  
          A                  D  
put your dishes in the kitchen sink  
          G                  D                  A  
and let the leftover year just wash away  
          G                  D                  A          D  
cause we made it through, I do believe, the longest year in history  
          G                  A          D  
thank God that it's Thanksgiving Day
